

FOSSIL RIM WILDLIFE CENTER FIELD TRIP

MARCH 30 - 31, 2026

The March field trip for the HIP Club will be at Fossil Rim Wildlife Center in Glen Rose, Texas. We will have a 3 hour behind-the-scenes tour for photographing some of the 50 species of animals on Fossil Rim's 1800 acre wildlife preserve. You'll see and feed many horned and antlered animals, giraffes, ostriches, emus, zebras, wildebeest, and many more. Our guide will take us on a safari-type wagon tour of the area beginning at 4:00 pm so we can catch the golden hour for great pictures.
